

**SPECIAL
PROMOTION**

Pre-made Library Sequencing

Starting from USD 3/Gb

Capture high-quality sequencing data. Deliver accurate raw data.

Internationally certified quality

Super value

Powered by the Advanced DNBSEQ Platform

- ✓ Superior sequencing data quality
- ✓ Powerful high-throughput sequencing capacity
- ✓ Standardized data security and compliance controls

Deliverable:

DNBSEQ PE150 raw data

Core Benefits of This Service

- ✓ Fully compatible with most types of sequencing libraries
- ✓ Complete flexibility to fit your customized bioinformatic workflows
- ✓ Cost-effective pricing to stretch your research funding further

Terms and Conditions

1. This promotion cannot be combined with any other offers.
2. The promotion is valid for contracts signed on or before September 30th, 2026.
3. Samples must be submitted on or before October 31st, 2026.
4. This offer is limited and conditional, contingent upon the formal execution of the contract. BGI Tech reserves the right to terminate or invalidate this promotional offer at its discretion.
5. Services are for research use only.
6. This promotion is applicable only to the Asia-Pacific region.
